NOTE: This bill was not enacted into law; therefore, the impacts identified in this analysis do not take effect.

Summary of Legislation

This bill would have required the Transportation Legislation Review Committee (TLRC) and the Capital Development Committee (CDC) to meet at least once during the 2017 legislative interim to discuss strategies to address critical infrastructure needs in the state and to consider funding scenarios to address these needs.

Assessment

The bill was assessed as having no fiscal impact because it was not expected to add to the number of meetings or resources allocated to the TLRC and CDC. Staffing a joint meeting of the committees can be accomplished within existing workloads by Legislative Council Staff and the Office of Legislative Legal Services.

Effective Date

The bill was postponed indefinitely by the Senate Finance Committee on May 4, 2017.
